

0732-0001-99

Single Axis On / Off Electrolytic Tilt Switch

Description

The **0732-0001-99** Switch is for applications that demand a high accuracy switching for small angle changes. The sensor offers an alternative to mercury and ball switches.

- *Switching Angle* *User Selected*
- *Hysteresis* *< 30 minutes*
- *Closed Resistance* *650 Ohms*
