

Products & Services

Stainless steel compression load cell

R10X

1 t ... 100 t

- Made of stainless steel, hermetically welded IP68
- Accuracy up to $\pm 0.05\%$
- Spherical load button for perfect load alignment
- ideally suited for tanks and silos weighing
- Capacities : 1, 2.5, 5, 10, 15, 30, 50, 100 t
- Upper capacities on request

ACCESSORIES

Compression mounting for R10X

SILOKIT-R

1 t ... 30 t, 50 t, 100 t

- Made of stainless steel
- Lift-off prevention device
- Plate system against lateral forces
- Compact design and easy installation
- Designed for tanks and silos weighing

SERVICES

Weighing calibration

Calibration kg

500 g ... 20 t

- High level of accuracy and very limited incertitude
- 500 g to 6 t by load cell in tension, 500 g à 20 t in compression
- Multi-cell calibration capabilities, corner adjustment
- Mass and test means linked to the International standards
- 5 tons direct dead weights machine with temperature chamber
- 25 tons dead weights level machine with temperature chamber
